About Assault Suits Valken/Cybernator

Assault Suits Valken was a side-scrolling action game released in 1992 by Masaya in Japan, and renamed Cybernator and released in 1993 elsewhere.

In the original, the player took control of the titular assault suit, a tank on legs, and used various weapons such as missiles, laser and punches to defeat enemies through a variety of stages.

Assault Suit Leynos shares the same setting as Valken.
